Course Description

Each year, various limits affecting income tax preparation and planning change. Some changes commonly occur each year as a result of inflation indexing, while others occur because of new legislation or the sunseting of existing law. This course will examine the tax changes affecting 2023 as a result of passage of the Inflation Reduction Act and the inflation-changed limits effective for 2023 that are more significant from the perspective of an income tax preparer. Some context will be supplied, as appropriate, to assist readers in understanding the changes.
