New York State Board of Accountancy: 002146

Ohio State Board of Accountancy: CPE .51PSR

Pennsylvania Board of Accountancy: PX178025

Texas State Board of Accountancy: 009349

### Course Description

A central concern when using Excel is whether the data being used is sufficiently clean and well-organized to be useful for further analysis. In the *Excel Data Management* course, we cover the importing of data from other sources, cleaning it, validating data at the point of data entry, protecting it from unauthorized changes, and organizing it properly. The outcome is much more reliable data, which improves the quality of any subsequent analyses conducted on the data.

### Course Content

Publication/Revision date: 2/22/2024.

Author: Steven M. Bragg, CPA.

Final exam (online): Eight questions (multiple-choice).

**Program Delivery Method:** NASBA QAS Self-Study (interactive)

## Subject Codes/Field of Study

NASBA (CPA): Computer Software & Applications

## Course Level, Prerequisites, and Advance Preparation Requirements

Program level: Overview

Prerequisites: None

Advance Preparation: None

## Instructions for Taking This Course

- Log in to your secure account at [www.bhfe.com](http://www.bhfe.com). Go to "My Account."
- You must complete this course within one year of purchase (If the course is "Expired," contact us and we will add the latest edition of the course to your account (no charge).
- To retain the course-PDF after completion (for future reference) and to enable enhanced navigation: From "My Account," Download and save the course-PDF to your computer. This will enable the search function (Menu: Edit>Find) and bookmarks (icon on left side of document window).
- Complete the course by following the learning objectives listed for the course, studying the text, and, if included, studying the review questions at the end of each major section (or at the end of the course).
- Once you have completed studying the course and you are confident that the learning objectives have been met, answer the final exam questions (online).

## Instructions for Taking the Online Exam

- Log in to your secure account at [www.bhfe.com](http://www.bhfe.com). Go to "My Account."
- A passing grade of at least 70% is required on the exam for this course.
- You will have three attempts to pass the exam (call or email us after three unsuccessful attempts for instructions).
- The exam is not timed, and it does not need to be completed in one session.
- For a printed copy of the exam questions, open the exam and press "Print Exam."
- Once you pass the exam, the results (correct/incorrect answers) and certificate of completion appear in "My Account." A confirmation email is also sent.
- CFP Board and IRS credit hours, if applicable, are reported on Tuesdays and at the end of the month.

**Have a question?** Call us at 800-588-7039 or email us at [contact@bhfe.com](mailto:contact@bhfe.com).

# Learning Assignment & Objectives

---

- Explain the characteristics of the ribbon system.
- Describe the different types of files that can be imported into Excel, and their characteristics.
- Identify the different types of commands that can be used to clean up data and extract data from a data set.
- Specify the function keys that can be used to clean up data within a worksheet.
- Identify the characteristics of a worksheet outline and how it can be used.
